# Things to change

"I'm sure there's a good reason why not, but could we have access to previous examples for coursework?"

"Do more examples in lectures or examples different to the ones in the notes."

"It would be nice to have an official HW hand-in, so I'm forced to do them quicker."

"Handouts aren't hole punched."

*"I didn't realise homeworks were available until last week
- maybe they should have been mentioned in lectures?"*

"Have a mock paper."

"Possibly getting paper copies of notes in advance of the lecture where we need them to make it easier to read ahead."
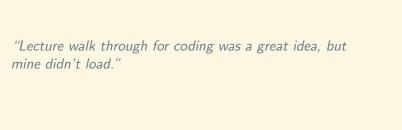

"Ambrose stealing all the chocolates from Martin #Cry4Martin"

*"Vince, you try to hard to be intimidating; chill out bro!"*

Things that are good

"You're less scary than I thought."

"Lecturer very approachable and helpful when going to see during office hours."
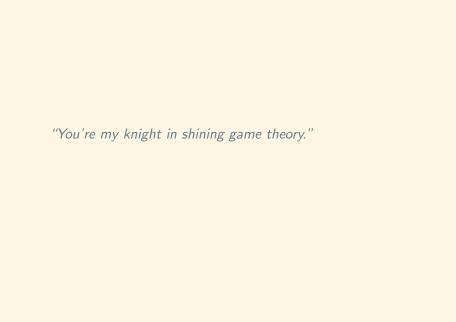

"Nice to come to lectures to actually understand something rather than just get notes."

"Lecture walk through for coding was a great idea, but mine didn't load."

Quirky

"You should bring your dog in one day."

"Lecturer is so sassy. (Slightly scary, but funny)"

"You're my knight in shining game theory."

"Can we go for prizes non food related? e.g The right to throw 3 water balloons at Vince [. . .]."
